

Cam Watson

Corporate Advisor

Cam founded Watson & Associates in 1982. His client-based work has been conducted primarily for Ontario municipalities in the area of development charges, fiscal impact of development, growth management and demographic/market studies. He has also taken a lead role in waste management, project feasibility assessment and financial policy work. He has given expert witness testimony at the OMB and the EAB in these highly-specialized areas regularly for 28 years. Cam's client base includes the majority of Ontario's large municipalities, throughout the Greater Toronto Area and beyond. He has assisted in maintaining the firm's focus for over two decades such that it continues to be an industry leader in Ontario in half a dozen areas of its practice.

Cam's previous work experience was as Director of Planning and Budgeting for the Ontario Ministry of Government Services and Vice President, Management Consulting for Giffels Associates Ltd.

Cam holds Bachelor of Commerce and Master of Business Administration degrees from the University of Toronto. He is a Professional Land Economist.
